Return completed forms by August 30th to :
Margaret Mackenzie, 1101 30th Ave., Vernon, BC V1T 1Z6 mhubble@telus.net

N.O.N.C. Nestbox Report Form

Map of your trail. Please include closest highway or main road to your trail.

1. The “Total # of Nestboxes Available” should not be less than the “Total # of Nestboxes Used”.
2. The “# of Boxes Used” by the individual “Cavity Nesting Species” may not be equal to the “Total # of Nestboxes Used” at the top of the form. (e.g. I have 3 nestboxes, all are used by bluebirds on the first nesting, a pair of swallows then nests after one of the bluebirds. My “Total # of Nestboxes Used” is 3 but if I added the “# of Boxes Used” by the individual “Cavity Nesting Species” it would total 4. 3 is the correct number.)
3. The “# of Boxes Used” by the individual “Cavity Nesting Species” should not include the number of boxes that had a second nesting. (e.g. a nestbox is used by Western Bluebirds, they lay 5 eggs, all hatch & all fledge; there is a second nesting of Western Bluebirds in that same box; they lay 4 eggs, all hatch & fledge; you enter 1 box used, 9 eggs, 9 hatched, 9 fledged, 1 second nesting.)
4. Check that your form is complete. Sometimes the “Total # of Nestboxes Available” is left blank. The number may be different than the previous year, and your coordinator does not refer to past year forms.
